

**TRANSFER POLICY**

La Salle University considers two types of transfer credits for high school students who have participated in college programs:

**Transfer Credit:** When courses to be transferred have been taught on the college campus or as an online course, are open to enrollment by and graded in direct competition with regularly matriculated students attending that college, and are part of the normal curriculum published in a college's catalog. *Provide the appropriate course information in the chart below and mail with an official transcript.*

**Dual Enrollment Credit:** When courses to be transferred have been taught on high school campuses, and taken with other high school students, as part of the normal curriculum published in a college's catalog. *Provide the appropriate course information in the chart below and mail with an official transcript.*

*Classes with a grade of a C or better will be considered for Transfer.*
